

Vitalis GMBH

Beauty Care Hairdressing

Internship

For students learning:

Hairdressing

Cosmetics

Nail artist

Stylists

Learning outcomes

- Participants will learn how to assess the condition of the skin, hands and nails and how to clean the skin.
- Participants will learn how to do daily make-up and how to treat and shape nails
- Participants will learn how, and with which different substances, the hair and scalp can be cleaned and cared for
- Participants will learn different techniques to cut hair taking into account the respective characteristics (e.g. hairline, direction of growth)
- Participants will learn preparations and techniques (curling, waves, papillating techniques) for creating hairstyles
- Participants will learn how to create upright hairstyles, how to work on hairpieces and which styling and finishing techniques to use
- Participants will learn how to set and monitor application times for colour changing hair treatments and how to carry out after treatments and colour corrections
- Participants will learn how to make natural and sustainable cosmetics
